

The GuardHouse™ Coin Tube

Not just different. **Better.**

Finger Notches

Semi-circular notched design for quick removal from boxes and easy access to horizontal stacks.

Snap-Tight Seal

Sure-fit lids keep coins safely in the tube, even during transit, and without the need for tape.

Ergonomic

Fits naturally in your hand with no sharp corner grip points or painful processing.

Stackable

Ridges on lid and base for fitted vertical stack storage.

Translucent

See through material for quick identification of contents.

High Impact

Improved material durability that is dealer tested and approved.

Fits Monster Box

ASE tubes perfectly fit the U.S. Mint green monster box.
